TECHNICAL DATA

PRO-CLEAN A

FLOOR CLEANER/MAINTENANCE CLEANER

DESCRIPTION:

PRO-CLEAN A is a heavy-duty floor cleaner/degreaser formulated specifically to **clean** and **disinfect** industrial floors and equipment. PRO-CLEAN A combines exceptional detergency with unique “wetting” properties to remove the heaviest, most tenacious oils, greases, and shop soils.

BENEFITS:

- Economical – Low end use cost (1:20 to 1:50)
- Stable – Performs well in hard or soft water.
- Versatile – floor scrubbers, steam guns, hot tanks, spray bottles
- **Disinfects** and **deodorizes** cleaned surfaces.
- Cleans the most stubborn soils in “cold” water.
- Cleans steel, aluminum, plastics, glass and ceramic substrates.

OPERATIONS/APPLICATIONS:

- Floor scrubbers
- Steam guns
- Hot tank cleaning
- Machine & part cleaning
- Wipe down cleaning
- Spray bottle cleaning
- Tank or sump cleaning
- Mop & brush cleaning

DIRECTIONS FOR USE:

PRO-CLEAN A is typically diluted and applied with cold water. However, hot water does enhance its efficiency as does increasing its concentration. Cleaning performance is influenced by method of application, exposure time, temperature, and soil chemistry. The concentration chart below offers a good starting point.

Recommended Starting Dilutions	
APPLICATION	DILUTION
Automatic Floor Scrubbers	1:25-1:40
Steam Gun Cleaning	1:50-1:60
Wipe Down Cleaning	1:30-1:40
General Equipment Cleaning	1:20-1:30
Hot Tank Cleaning	1:20-1:30

PROPERTIES:

Appearance ----- Blue, Clear Liquid
Odor ----- Pleasant, citrus-like
Solubility ----- Soluble at All Proportions
Specific Gravity ----- 1.05

PACKAGING:

PRO-CLEAN A is available in 5-gallon pails, 55-gallon drums, totes, and bulk.
