TECHNICAL DATA

PRO-COAT 140

OIL-BASED, INDOOR CORROSION PREVENTATIVE

DESCRIPTION:

PRO-COAT 140 is an oil-based corrosion preventative for long-term indoor storage. PRO-COAT 140 will prevent rust and corrosion on ferrous and non-ferrous metals. The “oily” film will protect metals for years indoors.

BENEFITS:

- Water displacing
- Non-gumming
- Non-staining
- Extremely long indoor storage
- Excellent metal wetting
- Resists water and humidity
- High flash
- Harmless on rubber seals and plastics
- Easy to use (no mixing or measuring)
- Operator friendly

APPLICATIONS:

- Protect dies, tools, jigs, and machine surfaces.
- “Penetrates” and “loosens” frozen parts.
- Protect automotive parts between operations.
- Rust proof cast iron parts.
- Protect any metal surface for 1 year indoors.
- Mill oil for sheet stock.
- Edge sealant for steel.
- Anywhere long-term rust protection is needed.

DIRECTIONS FOR USE:

PRO-COAT 140 is always used as received and can be applied by dipping, roller coat, brush, or low pressure spray methods.

Note:

PRO-CHEM-CO can custom formulate corrosion preventatives to your particular need and/or meet military specifications.

PROPERTIES:

Appearance -----	Dark Amber, Clear Liquid
Specific Gravity -----	0.901
Flash Point -----	340° F
Viscosity -----	100 SUS @ 100°F
Humidity Cabinet -----	200+ Hours

PACKAGING:

PRO-COAT 140 is available in 5-gallon pails, 55-gallon drums, totes and bulk.
